

INFINITY WEEK FRIDAY lesson 2

B1 The future of medicine

Instruction: Follow these general guidelines. Use the links provided on the syllabus website. Underlined items are links to ADDITIONAL support.

[Aims](#)

Stage 1

- Students work in pairs. Give them 5 minutes to come up with as many body parts as possible.
- Click on the **Stage 1** link. Ask students which body part they want to focus on. Tell them to find the website on the tablets and watch the movie. They need to make a note of at least 6 new words.
- Tell students to gather as much information about other body parts as possible.
- Do the quizzes with the whole group. Divide the group into 4-5 teams.

Stage 2

- If there is any time left, students can “generate” a song about their favourite body part.
