Instruction: Follow these general guidelines. Use the links provided on the syllabus website. Underlined items are links to ADDITIONAL activities/ideas/support.

[Aims](#)

Stage 1

- Click on the **Stage 1** link. Go through the text focusing mainly on headings.
- In groups of 3-4 students make a scientific hypothesis and design an experiment.
- Role play: Students (scientists) pitch their idea to the rest of the group (university committee).

Stage 2

- Stage 2 is optional. If you have time, play the songs and explain the science elements in them.

HOMEWORK

- Students interview their host families: *What do you remember from your science lessons at school?*
