

## **B2** The future of medicine

*Instruction: Follow these general guidelines. Use the links provided on the syllabus website. Underlined items are links to ADDITIONAL support.*

### [Aims](#)

### **Warm-up**

- Click on the **Warm-up** link. Play the video with and ask students to predict the topic of the lesson.
- Optional: ask Star Trek fans to talk about the series.

### **Main activities**

- Click on the **ARTICLE** link. Assign one innovation to each pair and ask them to read about it so that they can report back to the whole group.
- Students find the website on their tablets and read their part. Monitor students' work and help with unfamiliar vocabulary.
- Ask students to make a plan of what they are going to say so as to be as precise as possible.
- Students talk about their innovation. Encourage other students to ask questions.
- Discussion: Are you optimistic about the future of medicine?
