[Aims](#)

Stage 1

- Click on the **Stage 1** link. Go through all activities. Please note, you will not be given paper copies of worksheets. Students may use tablets or do the activities on the main screen after students have made a note of the answers.

Stage 2

- Give students a sheet of paper. Ask students to watch the video and follow the instructions. Pause the video several times and make students repeat the instructions.
- Put key words/expressions on the board. Practice pronunciation.
- In pairs, students give each other instructions to make an origami (tell students to use their creativity – they do not need to know any actual origami patterns).

HOMEWORK

Look around your host family's house and spot any items that are "creative". Talk to the host family about them, take a picture and be ready to talk about them in class.
