

Instruction: Follow these general guidelines. Use the links provided on the syllabus website. Underlined items are links to ADDITIONAL ideas/activities/support.

[Aims](#)

Stage 1

- Click on the **Stage 1** link. Go through all the vocabulary items making sure students pronounce them correctly.
- Students test each other in pairs giving a definition of the term.
- Students use tablets to find 10 other difficult scientific terms.
- Ask students to use their favourite strategies to memorise all the words from the board.
- Ask each pair to give you at least 6 new scientific vocabulary items. Put them on the board.
- Competition: give students 3 minutes to memorise as many words as possible.
- Ask the winner to share his/her memorising strategy with the whole group.

[Memory palace](#)

Stage 2

- Click on the **Stage 2** link. Ask students to find the website on their tablets (in pairs) and choose one topic.
- Students read to find out new surprising facts/information that they can share with other students.
